Rep. Nygren Announces Budget Public Hearing in Marinette

Madison – On Monday, State Representative John Nygren (R-Marinette), Assembly Co-Chair of the budget-writing Joint Committee on Finance, released the following statement announcing a state budget public hearing in Marinette:

“The state budget is the largest piece of legislation we consider each session. The 2017-19 State Budget process is beginning, and it’s important that we gather input from Wisconsin residents across the state. Your feedback is vital to helping lawmakers craft a budget that reflects your priorities.

“This year, there will be a state budget public hearing held at Marinette High School on Friday, April 21st. I encourage my constituents to attend and voice comments, concerns, and opinions on the governor’s budget recommendations. With your input, we will improve upon the current budget proposal to produce a document that aligns with your priorities.”

More information about the time of the public hearing will be released at a later date.
